

# GRADUATION HONORS

## *Carrie Elizabeth Reno*

*Carrie Elizabeth Reno's enjoyment of learning always shone through in her work as a major in early/middle childhood education with a support area in English. She consistently held herself to the highest standards, giving every assignment her very best. Because of her professionalism, organizational skills, and collaborative efforts, she was recommended for a teaching internship in lieu of regular student-teaching placements. She carried her high expectations for herself into the classroom, where she encouraged all children to strive to do their best. An exceptionally analytical reader and viewer, she was open to all forms of literature and film in her English support area, delving deep into texts, identifying patterns, and developing original interpretations. She was enthusiastic and routinely raised the level of discussion in class.*

*Ms. Reno was an excellent collaborator in the classroom and supportive of her peers. She served as an Alverno Ambassador, was active in the Alverno Student Education Organization, and tutored classmates who needed additional assistance. She was called upon regularly to represent the college with outside visitors.*

*Therefore, the faculty of Alverno College is pleased to recommend that her degree be conferred with honors.*
